Sir,

I have the honour to apply for extention of the existing electric installation of the Hardinge Institute to the Town Club.

The " Town Club" a sport section of the Hardinge Institute was opened by Mr.M.B. Honawar, District & Sessions Judge, Bijapur, on 26-2-1944, for providing recreation and -- sports to the citizens of Bagalkot. The Town Club, a sport section is only the extention of the main building "Hardinge Institute" which is already installed, with electric lights.

It is therefore submitted that the necessary permission for extention of existing installation of the main building to the

"Town Club " be granted.

Sir,

We are submitting herewith the application referred to us by the Joint Secretary of the Town Club of Lord-Hardinge Library Bagalkot for giving them Lights with Fittings in their extended Building called the " Town Club ".

For the reasons stated in their application we are of opinion that the intended Service is an Essential service in the interest of the Public in General and Members of the Town in particular. Moreover the Town Club being an extension of the existing Building called the " Lord Hardinge Institute" Bagalkot. This latter building is already since long having Electric Lights and hence any extension of this Electric Light to the extended building of the original Building becomes nothing but an extension. Hence it does not become new connection; but only becomes an extension. However with Your permission we intend to give Lights to the Town Club as requested by the Joint Secretary.

Hence an early favourable reply is solicited.

Sir,

With reference to your correspondence dated the 22nd Nov 1943 addressed to us in the matter of unautorized wiring work, we request to state as follows:--------

It is not true, that recently we have carried out some wiring work at Municipal Market at Bagalkot. The real facts are as ------ under:-----

Originally there were some Flat Rate Consumers in the Municipal Market at Bagalkot. While they were vacating the Municipal ------- Markets they were taking away their own fitted wires and lamps. The Bagalkot Municipality has not got them fitted but they were simply renting the Buildings and the persons who rented these----- Buildings spent out of their own pockets for Electrical Fittings whosoever so desired. Under these circumstances some of the ------ rented persons requested us to refitt their shops as the original ones had been removed by their predecessors. Accordingly as we---- had already applied for Contractor's License on 14-10-1943 we have fitted Single Lights to 3 shops in anticipation of the sanction of our Contractor's License.

The 3 applications were received by us on 2-10-1943 requesting us to fix single lights in their shops on 28-10-1943. We had ----- applied for contractor's License on 14-10-1943 and after waiting for 14½ days we have fitted the 3 shops with single lights in----- anticipation of the sanction. As also owing to the necessity obtai -ning on account of DIPAVALI.

We rightly smell the quarter from which such groundless inform - -ation has been adressed to you. It must be no one else than V.K. Jigajinni resident of Bagalkot. He has every reason to bear ------ grudge, illwill and malice towards us, since we have disconnected his Motive Power Installtion nearly 4 Months ago, bacuse he had kept in arrears our light charges to the extent of about 1000/- Rupees for which we have already placed the matter in the hands of our Legal Adviser to sue him for recovery of his dues.

Originally this Jigajinni had a Contractor's License. Now he is not a Contractor's Licensee for the purpose of Electric Fittings. However to let you know clearly that it is he, who has effected new fittings in the absence of Contractor's License. The details about his new fittings are as follows:---------

New Fittings carried out by him on the premises of Ganapat------ Parashram Kamble Bungalow on Kaladigi Road Consumer No.336 on----- 27-11-1943. This Jigajinni has not even informed us of this fitting which he ought to have informed us. Had he so informed, we would have instantly stopped of his carrying out the work. Hence, action should be taken against him by breach of Rule 48 I.E.R. 1937.

I, therefore, suggest that, instead of waiting for the results of the above prosecution, necessary steps for the breach of the restriction order be taken against the Company forthwith.

3. As regards para.3 of the Secretariat Office Note, it is ascertained that the work of unauthorised extension in the bungalow of Mr.Ganpat P.Kamble was carried out by the wireman Basappa Narsappa Anval and not by Mr.Jigajinni, as stated by the Company in its letter on page 5 ante. The above wireman, whose whereabouts could not be traced, will be prosecuted as soon as they are traced. In the meantime Mr. Kamble, the owner of the bungalow, was prosecuted for breach of rule 48, and was convicted and fined Rs.10/-.

Subject:- Restriction & control over the supply of electrical energy: Unauthorised Supply.

Sir,

1 With reference to your letter No.S.59/45/18806-El.dated 15th.August 1944 we submit that, "SHREE VENKATESH POWER WORKS" came in to possession of the properties of old M/S.Gugwad & Co.Bagalkot on 11th.June 1943 and therefore we were not in a position to know the Restriction Order of Jun 1942. The previous files & papers of the old M/s.Gugwad & Co.are still with the Receiver of the First Class Sub-Judges's Court,as the litigation between us & the old partners of M/s Gugwad & Co.is not yet over. We have been given physical possession. The sale deed is yet got to be passed by the Receiver to us. Under the circumstances,we could not be ~~ing~~- in the know of the said Restriction Order.

2 However,sir,we assure you that we shall hereafter strictly adhere to all such Restriction Orders,now in force,after collecting all those orders,passed up till now by the Govt.in this connection.

3 Further we had given a RE-CONNECTION & not a New Connection with wires,fittings etc. However we confess that even Re-connection amounts to an offence technically,for which we have been sufficiently punished by the Court already. We submit that we may not be punished twice for the same offence.

4 In short we submit we may please be excused for this time under the circumstances stated above.

Subject:- Re-Connection to the Motive Power (Flour Mill)
of Messrs.V.K.Jigjinni & Sons,
Bagalkot.

Sir,

We humbly & respectfully submit as under:-

That one consumer M/s V.K.Jigjinni & Sons had a dispute with the Receiver as regards the payment of consumer's dues the consumer was pressing for the rebate while the Receiver put off the matter without any settlement on the pretext of taking orders from the First Class Sub-Judge,Bijapur.

In the meanwhile we were given the possession of the Electric concern on the 11 th June 1943,when we were authorised to recover the arrears of the consumers as per conditions of auction sale. Consequently when the demand was made on the consumer Mr.Jigjinni to clear off his previous arrears he evaded payment on one or other grounds. Accordingly we dis-continued supplying energy to his motive power which ran flour mill.

Now the said matter of dispute has been amicably settled and hence we crave Your Honour's kind permission to allow us to Re-Connect the energy stopped under the above circumstances.

Hoping that Your Honour will be kind enough to favour us with an early favourable reply.

Our policy conflicts with the view expressed by the C.E.P.C. Board in para 2 of its memo No. A-855, dt. the 20th Jan. '43 wherein it has been pointed out that it is not considered necessary that orders of the Control authorities should be taken in respect of dormant loads which only need reinstallation of a previous meter. In view of this explanation it is not incumbent on the supply corps. to obtain permission in effecting reconnections which only need reinstallation of a previous meter on the part of the supply corps. irrespective whether the consumers' installations require any renewals & replacements.

3/- The above position was brought to the notice of the C.E.P.C. Board & the Board has been requested to amplify the Control Order so as to include all cases of reconnections except those where reconnection is to be made within a period of one year from the date of disconnection & no el. material is reqd. by the corp. except the replacement of the previous meter. The C.E.P.C. Board has been expedited in the matter & the revised control Order is awaited.
